Words Rule at Writers' Open Mic Nights

For locally sourced creativity, you can't beat the poetry and prose at the library's Writer's Open Mic Nights. These do-it-yourself literary evenings, started last fall, attract some astonishing talent from our own community. Participants range from high school age to quite senior, with respect and appreciation as the common denominators.

Works read at the February event were typically diverse. Topics included identity and stereotype, the Xi'an terracotta warriors, having an autistic sibling, and terrifying armies of dentists ("Napoleon himself ran in the face of their insignia!"). There was a 28-line poem on February ("25: You've started to use the word 'marrow.'"), a young woman's take on race ("what it's like to be a light black/dark white...") and a funny retelling of a teacher's experiment with incentive gone awry.

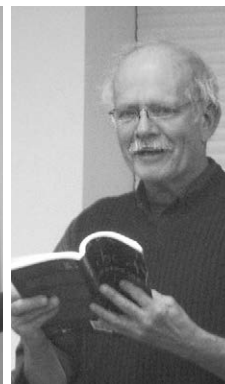

Special guests are often featured at the Writer's Open Mic Nights and have included the New Trier Poetry Slam Team and teachers who write. At every event, however, **all are welcome** to read or just to listen. Please see page 2 for this quarter's schedule and more information—and consider giving these spirited monthly events a try.

A FRESH LOOK AT THE FOUNDERS OF OUR COMMUNITY

Sunday, March 23, at 2:00 p.m.

This program introduces you to the group that took a chance on some undeveloped land north of Chicago near the lake. After 145 years, we know the investment was successful for us – but was it successful for them? Every Glencoe resident should know this story, which will be presented by members of the Glencoe Historical Society.

PLAY READING PROGRAM: CRAWL INTO 5 PLAYS WITH US

Thursdays; May 8, 15, 22, 29, and June 5, 10:00 a.m.–1:00 p.m.

Takiff Center, 999 Green Bay Road

Imagine being able to crawl into someone else's mind and experience an entirely different world! How much fun would that be? That is just what we're going to be doing as we read and digest five different plays. Poke around in the mind of the playwright, morph into the play's characters, explore the scenery and setting and, ultimately, be the critical audience. And instead of just watching the five plays, we will become the plays! Along the way, we will discover the beauty and power of the language and come to appreciate artists who manage to say exactly what they want to say and still make us understand. Michael Kamen, a Glencoe resident with many years of experience as a film producer and college faculty member, will lead these sessions. **This program is jointly sponsored by the Glencoe Public Library and the Glencoe Park District. Registration is required. Call (847) 835-5056 to register.**

Billington will analyze the season and show rare film footage but will also talk about the behind-the-scenes front office conflicts, the economic climate of baseball in that era, and the impact and social implications the White Sox had on the fabric of the city.

Library Staff News

MEET KARYN MISTRYK

I love libraries, love books, and enjoy coming to work every day to a place where I feel at home.

As a kid, I loved going to the library and even got my first volunteer gig as a shelver at my grade school library. I worked in a couple of library-related positions in college and shortly afterward before then working in journalism, marketing, and PR. After years of doing that, I no longer wanted to be so tied to a desk and computer and was lucky enough to find my way into other types of work. Two of my favorites were leading story times and arranging displays at Borders Books, and most recently, working as a professional home organizer to help people create a space they love to be in.

Karyn Mistryk

Being an aide at GPL involves many things I enjoy: being around books, organizing and arranging things, and being on my feet and active. The best part of working here, however, is being part of such a welcoming staff and community.
